#### Section 2. Findings

- A. The current formula for distributions to chapters is governed by the "fifty-fifty" method as indicated in 12 N.N.C. § 820(O).
- B. Some concerns have been expressed by chapters with a smaller population of registered voters that the current distribution method provides a greater advantage to chapters with a larger population of registered voters.
- C. The "seventy-thirty" method would provide chapters with a smaller population of registered voters additional funds from appropriations intended for all chapters of the Navajo Nation.
  - D. Examples of the Fiscal Year 2020 Planning Allocations using the current and proposed distribution method are attached as Exhibits A and B, respectively.
